I. FORMAT – Mayor O’Neil opened the floor for comments.

Rick Graham, 2102 I’ on Ave., stated his concern with the location of the Town’s Farmer’s Market being on un-zoned property. Zoning Administrator Joe Henderson answered the Farmer’s Market property is owned by the Town, which that is allowed to continue to approve special events on that property. There is assorted history behind the un-zoned properties on the island, which comes from the transfer from the Federal Government when the Town was established. Most of the un-zoned properties are Federal or Town facilities. Zoning Administrator Henderson stated it would be very easy for the Town to create an institutional type zoning district, which would require a re-write of the Comprehensive Plan to allow utility facilities, Town facilities and Federal uses, which would help clear up this issue in the future.

Debra Zacharias, 2108 I’ on Ave., stated her dog Riley, a purebred Rhodesian Ridgeback who is a registered emotional support therapy service dog, was attacked by a rescued pit bull dog. The event occurred on Thursday, April 14, 2016 during the Farmer’s Market. Riley suffered an injury to her ear which required immediate medical attention. Councilmember Church met Ms. Zacharias at her home and drove her to the vet. The day after the event, Riley underwent another surgery and required more medicine. Ms. Zacharias is seeking restitution from Sullivan’s Island of past accrued medical bills and
filled prescriptions as well as those in the future related to this attack. In addition, she
would like the health records of the rescue dog and confirmation of it being euthanized.
Mayor O’Neil expressed sympathy along with Council. Mayor O’Neil then asked if Ms.
Zacharias would send the Town a letter to formally request restitution.

Councilmember Church commented on how awful the incident was and mentioned that
there will no longer be any animal adoptions at the Farmer’s Market. She also has asked
Animal Control to walk through during the market to check for other dogs that might be
off-leash or showing any kind of aggressive behavior and also to double check on
registration to ensure safety.

Nolan Schillerstrom, Audubon South Carolina, presented to Council an idea to post
signage for Plover birds that nest on Sullivan’s Island in the summer. This was discussed
again during the Land Use and Natural Resources Committee.

Park Foundation- Kaye Smith and Manda Poletti with the Park Foundation presented a
proposal for new equipment at Poe Park behind the tennis courts. They mentioned that
the current equipment is over 10 years old and the wood is rotting, which has become
unsafe. The new equipment is appropriate for children 2-12 years old and will include a
handicapped ramp, new bike rack, new picnic table and new wood fiber benches in the
park and also on the tennis courts. Councilmember Church stated she was thrilled to have
the Park Foundation present at the meeting and wants to attend their next meeting.
