To Very Rev. Dr. BERMINGHAM, V. G., Charleston, S. C.

At a meeting of the Town Council of Moultrieville, on Sullivan's Island, held 24th August, A. D. 1871, the following recommendations, made by the Committee on Lots in their report of this date, were unanimously adopted:

"Your Committee would further recommend that as an expression of the high regard of Council for the indefatigable zeal of the Very Reverend Dr. Bermingham, V. G., in the advancement of the temporal as well as the spiritual welfare of the Island, that the square adjoining the Church, 'Stella Maris,' be called and be hereafter known and designated as 'Bermingham Square.'"

D. B. GILLILAND, Recorder.

From the minutes.

With great respect,
Yours very truly,
D. B. GILLILAND, Recorder.

To Very Rev. Dr. BERMINGHAM, V. G., Charleston, S. C.

At a meeting of the Town Council of Moultrieville, on Sullivan's Island, held 24th August, A. D. 1871, the following recommendations, made by the Committee on Lots in their report of this date, were unanimously adopted:

"Your Committee would further recommend that as an expression of the high regard of Council for the indefatigable zeal of the Very Reverend Dr. Bermingham, V. G., in the advancement of the temporal as well as the spiritual welfare of the Island, that the square adjoining the Church, 'Stella Maris,' be called and be hereafter known and designated as 'Bermingham Square.'"

Extract from the Minutes.
D. B. GILLILAND, Recorder.
August 28th, 1871.

Messrs. Editors:—I should be callous to the just and laudable sensibilities of our nature were not gratified and grateful for such high consideration from the gentlemen composing the Committee on Lots," and from the whole Town Council of Moultrieville in session.

It is additional gratification to me that the Honorable Council are professional gentlemen, and stand in the front rank of our most respectable citizens of Charleston and the Island, and that none among them is a member of the Roman Catholic Church.

Moreover the humble subject of their high consideration is a Roman Catholic Priest. This fact proves the elevation and liberality of the Council. It magnifies the honor conferred, it ennobles the dead, and reflects an example that will be always appreciated and honored by the present and future crowds of liberal citizens who will visit the Island and pass, with a welcome and blessing through "BERMINGHAM SQUARE."

Hoping that J. H. Devereux & Brother, Architects, will be faithful to promise, and be as speedy in attending to the "Star of the Sea," as was the Council to the "Square," that will adorn her front, soon, then, shall we see "Saint Mary's," presenting her Gothic proportions, her tower, her bell, her star and her cross.

Look sharp, then, my dear Devereux; don't let the State keep ahead of the Church! The summer is passing; the fall is at hand! Gather your force at the "Square;" put up the last brick in the wall! Now is the time! God and His people will help us.

T. BERMINGHAM, D. D.,
Vicar General.

THE OLD STORY—THOSE THREE BLACK CROWS.—
We find the following paragraph in the Columbia

"THE SQUARE ADJOINING THE CHURCH, 'STELLA MARIS,' BE CALLED AND BE HEREAFTER KNOWN AND DESIGNATED AS 'BERMINGHAM SQUARE.'"
