Re: Notice of Award- Sullivan's Island Resilience and Sea Level Adaptation Plan
[2021 FEMA BRIC Grant - 158-0014]

Dear Mr. Gearhart:

I am pleased to inform you that based on the recommendation of Town's selection committee, Sullivan's Island Town Council unanimously approved Weston & Sampson Engineers, Inc. as the consultant team for developing the Town's first Resilience and Sea Level Adaptation Plan.

At your convenience, please take the necessary steps in drafting a general contract for consultant services for the Town's initial legal review.

Congratulations again on your successful proposal and we look forward to working with you to get this very important project underway!

With kind regards, I am
