**Re:** RFP Proposal for Vegetation Management at Battery Logan

Dear Mr. Clarke,

I am pleased to inform you that Yard Works has been selected to perform the vegetation management project at Battery Logan pursuant to Town of Sullivan's Island's Purchasing Ordinance Chapter 22 Section 22.05 on purchases \$10,000 – \$25,000.

We look forward to working with you to unveil Battery Logan from the dense tangle of vegetation that has cropped up over the last several decades around and on top of the historic structure. We must also thank the Friends of Battery Logan for initiating this important preservation project.

We have received and signed your Landscape Management Agreement, which you will find attached.

With kind regards, I am
