

SULLIVAN'S ISLAND DESIGN REVIEW BOARD

SUBMITTAL APPLICATION (PAGE 1)

PROPERTY ADDRESS: 1656 Atlantic Avenue PARCEL ID (TMS #): 523-12-00-050

SUBMITTAL DATE: 6/20/25 MEETING DATE: 7/16/25

REQUEST: CONCEPTUAL REVIEW: PRELIMINARY APPROVAL: FINAL APPROVAL: X

DESCRIPTION OF SCOPE OF WORK: Renovation of Historic Structure as follows -

Removing uncovered deck on the west side and creating a wrapping porch to match existing front porch. Removing heated infill porch space at the north side and creating a covered porch to match the front. renovating interior rooms. After reclaiming/renovating we have added 82 sqft of heated space.

 Submittal **outside** of the Historic District, not classified historic, and requests DRB relief.

X Submittal is **outside** of the Historic District and designated as a historic resource.

X DRB relief requests No DRB requests

 Submittal is **within** the Historic District and is:

 designated as Historic Resource DRB relief requests No DRB requests

 Not designated as a Historic Resource: DRB relief requests No DRB requests

DRB SUBMITTAL CHECKLIST: The following items must be included in the submittal for placement on the DRB agenda.

X Application fee (Historic properties: \$116.00; New constructions: \$1,280; Addition/renovations: \$426.60)

X Completes and signed submittal application (Page 1). (All submissions)

X Zoning Standards Compliance Worksheet (Page 2). (All submissions with relief requests)

X Neighborhood Compatibility Worksheet (Page 3). (All submissions with relief requests)

X Historic Design Review Worksheet (Page 4). (All submissions involving a designated Historic Resource)

X Online submittal through BSA; Town of Sullivan's Island online submittal portal.

X Two (2) sets of drawings, no bigger than 11X17"; Drawings to include:

XA current as-built survey, Certified by a S.C. Registered Land Surveyor [1/16" = 1'-0" OR 1" = 20'-0"

Required for all new construction and for work which expands or is outside of an existing building footprint; illustrating the following:

- All applicable Flood Zone information
- Setbacks, property lines and easements
- Spot elevations required to comply with § 21-24
- OCRM Critical Lines, or Baseline and Setback if applicable
- Existing Structures, if applicable

X Site Plan [1/16" = 1'-0" OR 1" = 20'-0" scale], illustrating the following:

- Existing structures, if applicable
- Proposed new structures
- All applicable survey information
- Narrative for Scope of Work (all Historic projects)

X Floor Plans [1/8" = 1'-0" scale], with the following requirements:

- Exterior dimensions
- Graphically depict the outlines of heated space, covered porches and open decks.
- In the case of renovations and/or additions, the outlines of existing and new construction must also be shown.

X Exterior Elevations [1/8" = 1'-0" scale], with the following requirements:

- All exterior materials such as wood, stucco, roofing and / or masonry shall be graphically represented for intent.
- Must be rendered with shadows depicting roof and / or deck overhangs, changes in wall plane, or massing.
- Roof ridge heights to natural grade. Finished Floor Elevation (FFE), Lowest Structural Member (LSM), Base Flood Elevation (BFE) to finish grade.
- Detailed descriptions of treatment of all historic materials. (all Historic projects)

X Conditional/Optional:

- 3-D perspective sketches and / or models, as well as streetscape renderings that include adjacent properties are always encouraged and are **required for submissions with requests for relief, additional coverage, or additional square footage.**
- Any relevant photographs or documentation that might be descriptive (of adjacent properties).

REQUEST FOR HISTORIC DESIGN REVIEW (PAGE 4)

Do you propose any exterior changes to the historic structure? Yes: Yes No: _____
If you answered "yes", please provide a detailed explanation and sequence of the work below:

Section 21-97. C Historic Preservation Standards:

Submit in writing and be prepared to describe how your project is consistent with the following ten preservation standards, and the most recent version of the Secretary of Interior's Guidelines for the Treatment of Historic Properties. ****On your elevation drawings show all existing conditions and proposed changes. Detail existing materials and highlight all new and preserved architectural and structural elements.**

<https://www.nps.gov/tps/standards/treatment-guidelines-2017.pdf>

- (a) Using a property as it was used historically or giving a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships;
- (b) Retaining and preserving the historic character of a property; avoidance of the removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property;
- (c) Avoiding changes that create a false sense of historical development, such as adding conjectural features or elements from other buildings;
- (d) Retaining and preserving changes to a property that have acquired historic significance in their own right;
- (e) Preserving distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property;
- (f) Repairing rather than replacing deteriorated historic features; or where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture, and, where possible, materials;
- (g) Utilizing the gentlest means of chemical or physical treatments;
- (h) Protecting and preserving the archeological resources in place, and if disturbing, mitigation measures will be undertaken;
- (i) Not destroying historic materials, features, and spatial relationships that characterize the property; differentiating the new work from the old and making it compatible with the historic materials, features, size, scale, and proportion, and massing to protect the integrity of the property and its environment; and,
- (j) Undertaking new construction in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

Our renovations of this historic structure will preserve the historic massing of the original building while adding design elements that closely relate to the vernacular of Sullivans Island. Our design includes a wrapping porch that will include an open screen porch and infilled heated square footage. This wrapping porch and infill design matches many residences of the area. We plan to preserve all historic features of the house, as described in the historic report.

(Please use extra sheet as needed)
