Permit No. 58

Service Address: 13~~05~~ THOMPSON AVE
SULLIVANS ISLAND SC 29482

Dominion Energy South Carolina recently completed a routine, 5-year cycle of tree trimming in your community. During an inspection, our foresters identified 1 palmetto trees at this address that require removal due to their proximity to overhead lines. These palmetto trees have been marked at their base with orange marking paint and will be removed by a Dominion Energy contractor. This work is estimated to begin in January 2020 and conclude in the spring.

While we respect and appreciate the natural beauty of the landscape surrounding communities in which we live and work, the safety, reliability and resiliency of our electric system remains our top priority.

Again, we understand and appreciate your concern regarding this important matter. More information on tree trimming can be found at our website at www.dominionenergy.com/tree-trimming or by calling 800-251-7234.
