Present were: Patrick M. O'Neil, Mayor  
Chauncey Clark, Mayor Pro-Tem  
Sarah Church, Councilmember  
Greg Hammond, Councilmember  
Tim Reese, Councilmember  
Bachman Smith, IV, Councilmember  
Kaye Smith, Councilmember

Mayor O'Neil called the meeting to order at 6:00 p.m. and stated the press and public had been notified in accordance with State Law. There were approximately ten (10) members of the public present and no members of the media present. This meeting was conducted via virtual meeting as a result of the COVID-19 Pandemic.

Mayor O'Neil asked Town Administrator Andy Benke to read the following statement into the record: "My name is Keith Blandford; I work with teams here and around the world in an effort to unveil the corruption of the 2020 general election. What we have found as consistent with DNI Radcliffe's report to the administration, is that foreign entities worked in conjunction with government officials on all levels, including local, in a concerted effort to affect a regime change here in the United States. As noted in the report, one of the main tools used to affect the election was the exacerbation of this virus through data manipulation and unlawful mandates. Using these mandates officials could justify changes to election law which ultimately changed the results of the presidential election.

These facts continue to be exposed, refined and disclosed. Men like me have dedicated their lives to this republic and we will continue to disclose and find anything we can to reveal the truth of what we just experienced in 2020. On a local level, I'm just a man and a father and I am begging for compromise. Enough is enough. These mandates were used in an effort to manipulate our politics. They serve no purpose now but to divide us. Please end the emergency mandates and history will show that you were on the right side."
