

# Drinking Water Sources

## Bushy Park Reservoir is our Primary Water Source

### Source Water Protection

To raise awareness about preventing water pollution, SC DHEC identifies potential sources of contamination for each drinking water source in the state: [www.scdhec.gov/environment/your-water-coast/source-water-protection](http://www.scdhec.gov/environment/your-water-coast/source-water-protection).

### You Can Help Protect the Water

- 💧 **Pick up the poop!** Pet waste adds bacteria and excess nutrients, which contribute to algae growth that chokes out plants and wildlife.
- 💧 **Don't over-fertilize your lawn.** It washes into storm drains, streams, rivers, and oceans.
- 💧 **No dumping in storm drains.** They empty directly into a waterway.
- 💧 **Proper disposal** of oils, paints, and chemicals.
